Paul E. Momoh, ICOB's International Presbyter for Africa, is designated as the Programme Convenor.

Profile:- With over three decades of full-time ministry and proven experience in both living and ministering in Africa (west, east, central and southern Africa), which he fulfilled severally as Overseer and/or Senior Pastor & Board Chair in

small, medium, and large Churches including a 1, 500 Church in Kampala, Uganda, and a 30,000 Church in Lagos, Nigeria: Paul E. Momoh is an ordained Minister, a Mentor & Fellow of BiMAL and presently serves as President/CEO of the BiMAL Institute, Australia, a Fellow of the Australian/New Zealand Institute of Managers & Leaders, FIML, Founder of Leadership, Education & Management, LEMAN Consultants, Australia, and Board Chair at Faith Revival For The Nations, FReN-Australia (an ASIC-incorporated, and ACNC endorsed charitable Christian institution).

He also serves as the General Overseer of the FRCC network of churches and community care ministries in Australia, as well as for FReN International Ministries. His educational qualifications include a Diploma of Ministry Leadership from Alphacrucis Bible College, Australia, a Higher National Diploma in Business administration and management from the Federal Polytechnic, FPI, Idah, a Master of Theology (MTh, in Christian/ Religious Education) from the University of Newcastle, UoN, Australia, and a PhD (candidature) in Practical Theology, University of South Africa, UNISA.

As a significant aspect of his Call to the nations, he is passionate about ministerial learning & personal development, as well as training and ministry as a life-long Calling concerning nations & people, potential & purpose. His area of interest in learning, training & ministry is faith/spiritual formation and Christ-centred, Spirit-driven curricula, which forms the basis of his on-going doctoral research in the field of Practical Theology. His ministerial memberships include the Ministers' Fellowship International, MFI Australasia/USA, the Association of

Practical Theology, APT, USA, and the Evangelical Theological Association, USA.

Ministry Leadership, People Management & Problem Solving (Acts 6 & 15) Interactive-Sessions: As an inspirational speaker and Chair of this session, he draws upon his prophetic hind-sights, in-sights & fore-sights through the Holy Spirit, and utilises biblical diagnostic tools for people management and problem resolution. In complex-problem-solving management, he brings to the ministerial-roundtable his divine gifts of inspired thinking, biblical revelation, and leadership.

Where needful to resolve the critical and sometimes complex natural or business side of Ministry, he offers his professional management skills & expertise, both as a member of the International Centre For Complex Project Management, 1CCPM Australia, and as a Fellow of the Australian/New Zealand Institute of Managers & Leaders, FIML.

As an African-Australian citizen, he brings a uniquely dual-perspective to the multifarious tasks of ministerial convening, networking, education and training, while delivering and applying international standards and Australian best-practices seamlessly to the African context.
